THE LOCAL OPTION ELECTION

Women Try Hand in Politics for the Protection of Home and Offspring Everything Peaceable. Many Out of Town Visitors

Monett's second local option election is in progress today. Seven years ago the issue was before the people and failed to carry by 48 votes. This time both forces are better organized and all are working hard to win.

At 5 o'clock a. m. the women were summoned by the bell to the Baptist church for a special prayer for the success of the "drys." Mrs. A. S. Hawkins lead a short service and all prayed fervently for success. The women after this meeting began the work of the day. They were assigned to different work and all went willingly wherever sent. Some of the men of the town were much surprised, but hardly flattered, to find themselves under the escort of a party of women who kept them company wherever they went.

Young women sat at the polls and the men were asked to register on slips of paper, their name, the number of their ballot and the time of day they voted. This was to insure fairness in the count.

The hard shower in the morning did not dampen their ardor, but the work diligently went forward as they had planned.

The men of both sides worked diligently and quietly and everything was peaceably conducted.

Men and women from the country and towns near Monett are here to help along as much as they can and are welcome visitors here.

The challengers are busy and have intercepted a good many would-be voters, who were not legally qualified.

At 3 o'clock three arrests had been made for illegal voting and other warrants were in the hands of the officers.

The "Drys" were freely predicting a majority of 100, while on the other hand the "Wets" expressed the opinion that they would carry the election.

The voters who were arrested were John Waltrip and Anderson Skelton of the Fourth Ward and George Odell of the Third Ward.

TUESDAY NIGHT ENDED SPEECH MAKING IN CAMPAIGN

On Tuesday night the streets of Monett were crowded by people who came to listen to the "wet" and "dry" speeches of the local option campaign.

The "dry" speaking was opened by Rev. W. A. Todd, of the Baptist church, who gave a short but ringing speech. He was followed by W. C. Shupp, state superintendent of the Anti-Saloon League, whose address was much enjoyed. When Charlie Wells, the fearless deputy sheriff of Joplin, came up on the stand he was greeted with thunderous applause. He captivated the people in his first speech here and the immense audience Tuesday night showed that they appreciated his coming back. He is forceful and witty and knows his subject thoroughly.

Congressman Meeker, the main speaker for the "wet" forces again addressed the crowd between Fourth and Fifth. Hon. Frank Farris, who has also been assisting the saloon men

spoke. Other speeches were made by local men.

From Third street to Fifth, Broadway was crowded with the two forces, the largest crowd that has ever been seen in the streets of the city.

Only a Few Can Go

Those who do not have to consider expense are now going to health resorts to get rid of impurities in the system that cause rheumatism, backache, aching joints and painful muscles. If you cannot go, yet feel you need relief from pain and misery, get Foley Kidney Pills. They restore the kidneys to activity and make you feel well and strong. A. H. Cox & Co.

MISS HARDAWAY WEDS

Miss Hazel Leonon Hardaway of Carthage and Ira O. Lauderdale of Joplin were married at 8 o'clock last night at the Methodist Episcopal church, South. The ceremony was performed by the Rev. W. H. Hargrove, pastor of the church, and was witnessed by about 200 friends and relatives of the bride and bridegroom.

The bride is a daughter of Dr. and Mrs. E. J. Hardaway and last year was a teacher in the Carthage public schools. The bridegroom is a son of Mr. and Mrs. C. J. Lauderdale of Joplin and is an employe of the South west Missouri Electric Railroad Company. They both attended the Carthage public schools and were graduated from the Carthage high school in 1912.—Joplin Globe.

Don't neglect a summer cold. A bronchial cough causes broken sleep and lowers your vitality. Foley's Honey and Tar Compound soothes and heals raw, inflamed membranes, stops tickling in throat and clears stuffy, wheezy breathing. Contains no opiates; children like it; good for all colds, coughs, croup and bronchial affections. A. H. Cox & Co.

ELECTRICAL ENGINEER ELECTROCUTED

Instantly Killed When He Touches Grounded Motor

Carthage, June 16.—H. Robert Deighton, electrical engineer at the Lautz-McNerny stone quarry northwest of Carthage, was killed instantly at 11:30 o'clock yesterday morning when he placed his hand on a bolt connected with a small motor which was charged with a current of 220 volts.

Deighton and a fellow workman were making preparations for moving the motor a few inches so as to tighten a belt used to run one of the planers. To move the motor it was necessary to loosen a bolt and the workman helping Deighton had started for a wrench when he heard Deighton shout. He turned in time to catch him and drag him away from the motor. It is supposed that Deighton took hold of the bolt which was to be loosened and which had in some manner become charged with electricity. At the time of the accident Deighton was standing on a wet board, which probably helped complete the circuit.

FOUR RESCUED FROM MINE AT JOPLIN

Four of Six Entombed Miners Found Alive in Drift. Remaining Two May Be Dead

Edward Spencer, Roy Woodmanse, A. H. Warwood and William Lester, four of six miners entombed in the Longacre-Chapman mine at Neck City, were rescued at 8:30 o'clock after they had been imprisoned underground five days. Daniel Hardendorf and W. Smith, the other two miners who were working in the mine last Thursday night when the drifts suddenly filled with water, sludge and tailings, remain in the mine. The four rescued men expressed but little hope that their fellow workmen would be saved.

When the quartet of miners were found they were standing in water up to their waists in a drift that had been almost cut off by mud, boulders and water from the place where the rescuing party were working. They had made the rescuing party hear them at 7:45 o'clock last night. Forty-five minutes later they were being hoisted to the surface and hastened in automobiles to a government mine rescue car, which was a quarter of a mile distant.

ZEPPLIN RAID ON ENGLISH COAST

AFTER THE BATTLE IN MONETT

Now as the smoke of battle is clearing up and the stormy clouds are brightening again let us settle down to the usual affairs of our individual being, our welfare. Let there be no strife between us outward or inward. Shake hands with yourself as well as with your neighbors and say, "All for the best."

But has that smoke and cloudy appearance cleared up before your eyesight? That everlasting something that has not been natural with you, but caused by strain, neglect and use of improper glasses. Nay, and it will not until you have taken the proper steps to do so. Headaches, dizziness, distress and nervous disturbances are caused by eye strain. To overcome it you should consult only the most efficient and experienced authority on this trouble.

Many people, even those who are extremely particular and careful of their welfare, are very careless in regard to the most precious gift, their eyesight. Yes, they would discard an expensive pair of new shoes without any thought of expense and get another pair because of the slightest comfort of the feet. Any kind of old glasses are good enough and must do, even if the cost was trifling. Is that not so?

Think more of your eyesight and your pleasure and comfort through life will be better.

Go and see Dr. Frank, the old reliable eyesight specialist, who benefited your father's and grandfather's and who has done the most wonderful work in this section for the last 20 years.

Dr. Frank's examination and test of your eyes, while free, is worth to you all the ordinary glasses you can pile in your house, while the glasses he makes for you are all that Optical science can produce and more respon-

sible than ordinary ones. Talk it up with yourself and see if it will not appear fair to your eyesight as to yourself. Do justice to your eyesight and go see Dr. Frank at the Corner Pharmacy or Phone 43.

No agent or peddler has any connection with Dr. Frank's office. 95 d and w

WIGHTMAN BEGINS HIS ACTIVE WORK IN SAFETY FIRST

New Official of Frisco Expects To Begin Campaign To Interest Women In Movement To Reduce Number of Casualties

Springfield, June 16.—Frank A. Wightman, superintendent of Safety First of the Frisco railroad and former member of the public service commission of Missouri, yesterday took up his active duties as superintendent of the safety department of the Frisco, after spending more than a month traveling over the system and becoming acquainted with the duties of his new office. A. A. Nowakowski of St. Louis, who will act as secretary to Superintendent Wightman, has been in the city for two days.

The greater part of yesterday was spent by Mr. Wightman and his secretary in arranging his new quarters on the second floor of the general office building here. Tentative plans for the work of the Safety First organization were outlined by Mr. Wightman, who stated that special efforts will be made to interest the wives of employees in the movement.

A Mistake Made By Many When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action.
